### County Sunday School Convention.

The annual convention of the County Sunday School Association will be held at Stanton, June 14. A strong program is being prepared, and every effort will be made to make this the best convention ever held in this county. Mr. T. C. Gebauer will represent the State work. He is thoroughly acquainted with the Sunday school work, and his talks will be practical and helpful. Some of the best local talent will also be utilized. The Secretary is gathering reports from all the Sunday schools, and every Superintendent should send his report and contribute at once. Each school is requested to send two or more delegates to this convention, and especially do we urge the teachers to attend.

See program in next week's issue of this paper.

Miss Margaret Groves,  
County Sec'y.

### The Tenant's Rights.

According to a ruling of the Court of Appeals a tenant has absolute control of property rented by him and the property owner can not improve the place without the tenant's consent. The decision grew out of a case taken from Paducah. The Register of that city brought suit against the company owning the building in which the paper was located for tearing off the roof of the building and adding another story to the building. The paper was awarded \$1,500 damages by the lower court, which has just been sustained by the Appellate Court.

### Editor Walton.

W. P. Walton, the fearless and able writer, formerly of the Lexington Democrat has purchased and assumed control of the Frankfort Journal. He has enlarged the paper and improved it otherwise. The capitol has been in need of a good daily for some time and we are glad to know that Mr. Walton is there to fill the bill.

When e'er you feel impending ill,  
And need a magic little pill,  
No other one will fill the bill  
Like DeWitt's Little Early Risers.  
The Famous Little Pills Early Risers cure Constipation, Sick Headache, Biliousness, etc. They never gripe or sicken, but impart early rising energy. Good for either children or adults. J. C. P. Jones, Chief Burgess, Milesburg Borough, Pa. says: "I never used pills in my family during the forty years of house-keeping, that gave such satisfactory results as DeWitt's Little Early Risers." Sold by M. Rose.

Stock in the Mt. Sterling National Bank sold last week for \$185 00 per share.

### Hot Weather Piles.

Person afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of F. C. DeWitt & Co.

### How to Grow Big Melons.

A correspondent of the Southern Planter says that he often digs holes for his watermelons three feet deep, and soaks corn cobs for several days and places one peck of the wet cobs in each hill. The cobs gather and hold the moisture and the roots of the melons will keep the vines full of moisture which produces tremendous melons. An acre of land should produce one hundred dollars worth of melons at the lowest market price. There is always a ready sale for a melon weighing 25 to 40 pounds.

### New Store.

Major S. McIntosh has bought lumber and will at once begin the erection of a store house in Mechanicsville. When the house is completed he will open a general store in the building.

### Time Tired and Merit Proven.

One Minute Cough Cure is right on time when it comes to curing Coughs, Croup, Whooping Cough, etc. It is perfectly harmless, pleasant to take and is the children's favorite Cough Syrup. Sold by M. Rose.

### Why is it?

We often wonder, says the Winchester Democrat, why it is that men have not sense enough to know when they have enough—enough property and money. There are men by the hundreds all over the country, at fifty or sixty years of age, worth from \$25,000 to \$50,000, owners of the best farms in the world, working and slaving year in and year out to make more money and buy more land when the very best they can make of the job is ten years or so of fret and worry, then a funeral, and the probating of a will and a scattering of their hard earnings.

### Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kas.) Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office to-day, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured. Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Just as surley as the sun shines your stomach can be brought back to its originally pure condition and life sweetened by this lasting and truly the greatest digestant known. Sold by M. Rose.

Whatever may be said of President Roosevelt, he deserves much credit for refusing a pardon for J. M. McKnight, the Louisville bank wrecker of a few years ago. Gov. Bradley represented McKnight but to no avail.

### Town Property for Sale.

Two cottages on Seventh ave. with seven lots back of Presbyterian church. Will be sold at a bargain. M. Bailey.

### TO THE PUBLIC.

I am pleased to announce that I am again able to be at my gallery ready to perform all classes of work in the Photographers line, and will appreciate any business given me.  
JOHN W. HENRY.

For the convenience of our subscribers, we have arranged club rates with the following papers at prices below mentioned:

The Times and

" Cincinnati Enquirer	1.10
" Louisville Commercial	75
" Home and Farm	75

As our readers have observed, we take no pains to publish unimportant items about big men, and the following from an exchange is the way we look at it:

Roosevelt went a gunning, All the bears went a running; Roosevelt shot a hare While on the track of a Grizzly bear;

Roosevelt in Old Kentucky, Caused Republicans to perten up; Roosevelt to Texas bound, Where Democrats are safe and sound.

Roosevelt to the Rockies start, With Jim and Jack, Booker and Mart;

When Roosevelt a bear killed, All the papers with the news was filled.

When Roosevelt a angling went Both North and South the news was sent.

Just let him be good or bad, He can hook a sucker or spear a shad.

When he returns to the city group, Wont all the papers raise a whoop.

We beg pardon from all our patrons not to think hard of us for not giving them the good news, yas gettin rite up at wunce as the tother papers has did an' tellin' em that Roosevelt was, is, went, going, gone a "hunting."

And again in this connection, Our Dumb Animals, a paper devoted to the prevention of cruelty to animals, says: "We saw in the papers President Roosevelt had killed a bear, and again that he was to be received at the hunting ground by a procession, at the head of which was to be carried a bear, which at the close of the reception was to be turned out of the cage and allowed thirty minutes to run away, at the end of which time the dogs and hunters were to pursue and kill him (or her), as the case might be. Now, whether this caged bear is the one Roosevelt shot we do not know, but if it was the same bear, and the President was aware of the fact, he has done, what under the laws of Massachusetts, would be punishable by a fine of \$250 and a year's imprisonment.

Elder Albert Easter will be a candidate for the Democratic nomination for Representative in the Estill-Powell district. Mr. Easter is a strong man and had the nomination won two years ago, but resigned for the party's benefit in Estill. He would make a fine Legislator and here's wishing him the success he deserves.

Charles B. Ecton, who is pledged to vote for the re-election of Senators McCreary and Blackburn, was nominated for State Senator from the Bourbon-Montgomery-Clark district. Ecton received a majority of 503 votes in

the primary over his opponent Mr. Thompson who carried only Montgomery county.

### Tired of Jail.

An inmate of the Leslie county jail becomes tired of the place and delivers himself thus: "Gentlemen, I use to carry a small 45 Colts' revolver; I could reach a round on my hip and get out and tare the ground up like a turning plow, but now I am lying in behind the nine of diamonds, reaching around and pulling grey backs and chins off, just like largest turtle in the Middle Fork. Say, I am very sorry that I ever saw a revolver. My advice to all the boys is to lay down their pistols and get them maddocks and hoes and quit their card games and go to work. I have got four months and nineteen days to stay. I think I can live it out, and if I do, the jail will never catch me any more—in Hyden jail.

Yours truly,  
"Jackson Hacker."

### Politics.

Politics, though a small word, are next to intemperance in evil effects in this country today. How often do you hear the expression, "he was a good man until he got to dabbling into politics," or "aside from politics that man is all right." Politics to a success is the only business that can not be carried on in an honorable way. How often do you hear the assertion, "a good man can no longer be elected to office?" Of course this is not altogether true for we do elect them often, but usually their actions to acquire the office is not commendable for a professed christian.

From his safe retreat in Indiana, fugitive Taylor says that if Powers' case gets to the Federal Court it won't take forty minutes to acquit him. Certainly not. Everything seems cut and dried to railroad the case through regardless of law or justice.—Kentucky Journal.

Statistics show that while farmers form fifty per cent. of the population of the country, they commit only two per cent. of the crime. The tillers of the soil are indeed the flower of the earth.

## BEAUTIFY YOUR HOME WITH KINLOCH PAINT

Important Memorandum—The painter or one man's experience is a warning. A job done by a good painter will be the best quality of paint, money and time. (64) 100 cans, 250.00 per can; 1000 cans, 25.00 per can. The same price applied by a dealer (100.00 per can) will be only 100.00 per can. Then the "you-get-it" at the good painter's job is 100.00 per can, the same price as the dealer's.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

**Kinloch PAINT**

There's one indisputable reason why, a reason every honest painter will acknowledge "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

**Wine of Cardui Cured Her.**

213 South Prior Street, ATLANTA, GA., March 21, 1903.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.
